

Social Media ↔ Web Alignment Audit

The storefront closes. Social does not yet feed it reliably. Overall social ↔ web alignment: **38 / 100**.

38 Overall alignment / 100	88 WA / Messenger close	22 Instagram alignment	1.7K FB followers (live)
--	---	--	--

Executive verdict

The web app already closes well (Book + WhatsApp). Social is not yet a demand engine pointing at that close path. Highest-impact breaks: footer Instagram points at @teatotmachakos while Facebook’s canonical profile is @tea.tot.hotel; TikTok exists but is invisible on the site; and teatot.co.ke currently serves maintenance — so every social “Visit website” click fails the conversion chain. Do not scale paid Meta until Pixel + live site are up.

Channel scores

WhatsApp / Messenger		88
Facebook page		58
Brand / handle consistency		42
Measurement / ads		40
Website as social landing		35
Content → booking system		32
Google Business posts		28
Instagram		22
TikTok		15

Sales stack (keep): Facebook / Instagram / GBP → Website proof → WhatsApp / Booking modal → Review ask. Skip X.

1. Assessment

Strengths

- FB + Messenger match page slug
- WhatsApp intent prefills + FAB
- OG share cards present
- FB posting (food/events within ~1 day)
- X correctly removed from footer

Weaknesses

- IG handle mismatch (critical)
- TikTok orphaned from site
- Live site maintenance wall
- Soft captions / thin FB recommends (5)
- No Meta Pixel; no schema sameAs

Business impact: Every wrong IG click and every maintenance-page landing wastes paid and organic attention. Until identity + live site + Pixel are fixed, social is brand wallpaper — not a booking tool.

2. Conversion scorecard (social layer)

Dimension	Score	Finding
Clarity of next step	34	Posts rarely route to WA / rooms / conference
Trust	52	1.7K FB followers; only 5 FB recommends
SEO / discovery	40	No schema sameAs; IG handle split; category = Hotel services
Emotion / proof	45	Food/event photos exist; captions soft
Differentiation	38	Could be any Machakos venue without location proof
Readability / cadence	48	Recent FB post — cadence uneven
Call-to-action	28	Weak Book / Enquire / WhatsApp in captions
Overall conversion potential	38	Close path strong on site; demand gen broken

3. Evidence lock (live vs code)

Channel	Canonical	Web app	Status
Facebook	facebook.com/teatohotelmachakos · 1.7K	Footer matches	Aligned
Instagram	instagram.com/tea.tot.hotel (FB Intro)	Footer: teatotmachakos	Misaligned
TikTok	tiktok.com/@tea.tothotelmachakos	Not linked	Gap
WhatsApp	wa.me/254718009684	Intent URLs + FAB	Strong
Messenger	m.me/teatohotelmachakos	Footer + FAB	Strong
Website	teatot.co.ke	Linked from FB	Maintenance
Meta Pixel	—	NEXT_PUBLIC_META_PIXEL_ID empty	Blocked

Code refs: lib/navigation.ts · config/contact.ts · ContactFab · Analytics · structured-data.ts

4. Target operating model

Treat social as the **front of house**; the web app as the **menu and proof**; WhatsApp as the **reservation desk**.

Bio / Intro lock (all channels)

Tea Tot Hotel · Konza Road, Machakos (opp. Level 5 Hospital) 56 rooms · Conference for 200 · Gardens · ANAM Restaurant Book: https://teatot.co.ke Chat: WhatsApp 0718 009684
--

Standing CTA (end of every post)

Enquire on WhatsApp: https://wa.me/254718009684?text=... Or book: https://teatot.co.ke/rooms
--

Weekly content → product map

Day	Theme	Asset	Destination
Mon	Rooms / stay	Reel or carousel + rate cue	WA rooms + /rooms
Tue	Dining	Food clip + hours	WA dining + /dining
Wed	Conference	Hall / AV / Wi-Fi proof	WA conference + /services
Thu	Gardens / events	Outdoor capacity	WA events
Fri	Proof	Review / arrival clip	Book / Contact
Sat–Sun	Weekend / family	Local convenience	WA rooms + GBP post

Caption formula: concrete use case → one proof detail → one CTA. Avoid nestled / unforgettable / world-class / elevate / indulge.

5. Rationale

- Closing paths on the site already outperform competitors; demand gen is the leak.
- Local Kenyan buyers finish on WhatsApp/Messenger — social must push there, not vague “DM us.”
- Handle and website integrity are trust tests; failing them before rooms kills conversion.
- Pixel-before-ads prevents spending on vanity reach.

6. Actionable tasks

P0 — this week (identity + live path)

#	Owner	Task	Done when
1	Eng	Production site live (no maintenance wall)	Social → Home → Book/WA works
2	Eng	Footer IG → https://instagram.com/tea.tot.hotel	Wrong handle gone
3	Ops	Lock bios + pin Book/Enquire on FB (+ IG highlight)	Same phone, URL, WA everywhere
4	Ops	Confirm @teatotmachakos — claim, redirect, or abandon	One IG identity

P1 — next 2 weeks (measurement + channel hygiene)

#	Owner	Task	Done when
5	Eng	Set Meta Pixel; verify whatsapp_click / book_start / contact_submit	Events Manager green
6	Eng	Add Hotel JSON-LD sameAs for FB + IG (+ TikTok if kept)	Entity binding consistent
7	Eng	Track messenger_click like WhatsApp	FAB Messenger measurable
8	Ops	FB category → Hotel; enable Book Now / WhatsApp page CTA	Page button live
9	Ops+Eng	TikTok keep or kill — footer + bio or remove from FB	No orphan channel
10	Ops	Caption template mandatory on all posts	No post without CTA

P2 — 30 days (operate as conversion tool)

#	Owner	Task	Done when
11	Ops	Run 6-slot weekly calendar for 30 days	≥12 posts/month across FB/IG
12	Ops	Post-stay review ask (Google + FB)	+20 Google / +15 FB in 60 days
13	Ops	2 GBP posts/week; fix address conflicts (Konza vs Wote)	GBP matches site
14	Product	Conference day package (hall + AV + lunch)	Priced offer for ads/organic

P3 — scale only after P0–P1

#	Owner	Task	Done when
15	Ops	UGC permission + weekly guest repost; <1h reply SLA	Response time tracked
16	Growth	Small Meta boosts on conference + weekend stay	Pixel live first; kill losers in 7 days

7. Additional opportunities

- **Images:** Arrival facade, room daylight, ANAM plated dish, conference set, garden ceremony — one story per post.
- **IG Highlights:** Rooms · Dining · Conference · Gardens · Reviews · How to book.
- **FAQ Reels:** Parking, conference capacity → Contact FAQ.
- **UTM:** utm_source=facebook|instagram on bio links; extend analytics to Messenger.
- **Trust:** Staff names on replies; response-time promise in About.

Quality checklist

- ☐ One Instagram handle everywhere
- ☐ Website loads from every bio
- ☐ WhatsApp in bio + captions
- ☐ Meta Pixel firing
- ☐ Weekly calendar mapped to live pages
- ☐ Review ask after stay/event
- ☐ No soft posts without CTA
- ☐ Paid spend only after Pixel + live site

North star

Every social impression should answer: Why Tea Tot in Machakos? → What do I book? → How do I talk to someone now? Website stores the proof; WhatsApp closes the sale; Facebook/Instagram create the demand.
